

## Central Tablelands Landcare Nursery

Central Tablelands Landcare started growing plants for their own projects and for contracts at the Bathurst nursery site in early 2017. The nursery grows a range of tree, shrub and groundcover species from our endangered box gum woodlands and high altitude grassy woodlands. The nursery is run as a not for profit program and supports local projects with the supply of local provenance plants all grown locally under the supervision of our Nursery Manager, Sue Wakefield and with help from volunteers from the Landcare community.

### ***Terms and conditions for ordering plants through the Central Tablelands Landcare Nursery.***

1. All plants grown in the Central Tablelands Landcare Nursery are local natives to the Orange – Bathurst region. Seed for plants has been sourced from this local area where possible. Our main focus is on box gum woodland species as well as species found in the high altitude grassy woodlands.
2. Central Tablelands Landcare Nursery grows plants mainly to contract and will not always have plants available for “on the day” purchase or order.
3. If we have stock excess to our contracts, orders will be taken while existing nursery stocks last.
4. Contracts for plants to be planted in the autumn - winter (March to June) need to be placed before November of the previous year. This allows time for seed to be sown and plants grown to a size that is ready for planting for most species. Some species may require longer.
5. All plants to be ordered where possible in multiples of 40. That is the size of the racks we use in the nursery and will assist us in the sorting of your order for pick up.
6. All purchases or orders must be picked up by the end of June or by a date negotiated with the nursery team. Plants cannot be held over the winter.
7. Purchases of 120 (3 trays) and under plants must be paid for in full at the time of the placement of the order.
8. For orders over 120 plants (3 trays), a deposit of 50% of total purchase price must be provided before order can be confirmed.
9. Central Tablelands Landcare Nursery will not be held responsible for loss or damage to plants if they are not collected before the agreed pick-up date.
10. The Central Tablelands Landcare Nursery retains the right to sell plants that are not collected by the due date.
11. No refund will be given for plants not collected by the due date.

## Central Tablelands Landcare Nursery – ORDER FORM

Please note – species availability subject to change based on seed availability and nursery stock. All orders will be checked before confirmation of order given. See terms and conditions for ordering over leaf.

Name:	Email:
Phone number:	Address:
Estimated planting date:	
Description of site to plant (position in landscape, soil type, species of trees present at or near the site if known):	

Species Name	No. required (in trays of 40)
<b>SHRUBS</b>	
Acacia buxifolia	
Acacia dealbata	
Acacia decora	
Acacia implexa	
Acacia leucoclada	
Acacia melanoxylon	
Acacia paradoxa	
Acacia ulicifolia	
Acacia verniciflua	
Acacia vestita	
Banksia marginata	
Bursaria spinosa	
Callistemon sieberi	
Davesia latifolia	
Dillwynia phlycoides	
Dodonaea viscosa	
Grevillea arenaria	
Hardenbergia violaceae	
Indigofera australis	
Kunzea ericoides	
Leptospermum myrtifolium	
<b>WETLAND PLANTS</b>	
Baumea rubiginosa	
Carex appressa	
Eleocharis acuta	
Juncus usitatus	

Species Name	No. required (in trays of 40)
<b>TREES</b>	
Brachychiton populneus	
Casuarina cunninghamiana	
Eucalyptus albens	
Eucalyptus blakelyi	
Eucalyptus bridgesiana	
Eucalyptus dives	
Eucalyptus goniocalyx	
Eucalyptus macrorhyncha	
Eucalyptus melliodora	
Eucalyptus pauciflora	
Eucalyptus polyanthemus	
Eucalyptus stellutata	
Eucalyptus viminalis	
<b>GRASSES AND GROUNDCOVERS</b>	
Bulbine bulbosa	
Cymbopogon refractus	
Dianella revoluta	
Dichopogon strictus	
Goodenia pinnatifida	
Lomandra longifolia	
Lomandra multiflora	
Poa labillardierei	
Themeda australis	
<b>OTHER REQUESTS- PLEASE LIST</b>
