Clarence Landcare Inc.

CLARENCE LANDCARE

CHAIRS REPORT - Henry Sheehan

OUR MISSION STATEMENT

Our social, cultural and environmental mission is to promote sustainable land, agricultural, water, vegetation and biodiversity management practices and principles to the wider community and to develop their capacity to manage the local natural resource base.

I have great pleasure in tabling my chairs report for Clarence Landcare Inc. for 2018 - 2019. It has been another interesting 12 months.

I would like to thank Deb our Landcare coordinator for all her hard work and commitment over the last 12 months. Her work ethic and attention to detail has been outstanding. I would also like to thank Fig for his expertise in all the field work that he does. He is a great asset to Clarence Landcare Inc. Fig was the main driver with the Cane Toad project and he has put an incredible amount of time and energy into this project to ensure its success. We employed 9 casual staff during peak collection times.

Kelly joined us in October to help Deb reorganise the office and give the store room a good spring clean. Kelly then took on the educational role during the Cane toad project. Kelly took to the road talking to school children and setting up an information stall at numerous events throughout the Clarence Valley. Thankyou Kelly.

As a committee we are continuing to update our skills and knowledge with our responsibilities, and ensuring good governance for all of the individual and group members of Clarence Landcare Inc.

We held a very successful and enjoyable AGM at Brooms Head.

Peter Turland was voted as the very worthy winner of the Jim Knight award for 2018. Congratulations Peter.

All staff have continued to upskill themselves where necessary and I commend them on doing this with such professionalism. Deb and Fig have both got themselves trained in MYOB accounting.

I would like to give a special thankyou to Brian Dodd who has been willing to represent the committee at numerous regional and state gatherings of Landcare this year.

We welcomed Rhonda Tetley into the fold as part of the executive committee in December 2018 and she has done a wonderful job fulfilling the treasurer's role.

I would like to thank all the committee members for coming to the monthly meetings and sharing their knowledge and ideas for Clarence Landcare Inc.

We received a grant to give the Landcare office a make over so if you haven't dropped in for a while come and have a look at some of the changes and say hello.

I would like to welcome Ros who is now helping out in the office doing some of the books.

I would also like to thank Roger Fryer who has kindly offered to manage our website for us, so I encourage you to have a browse if you haven't been on the website for a while.

I trust you will enjoy looking through the 2018 – 2019 annual report.
