

## PARTIAL PLANT SPECIES LISTS FOR LAKE CURALO AREA compiled by Jackie Miles

\*Introduced species and non-local native garden escapees are preceded by an asterisk. The weeds of greatest concern are highlighted.

Species which have had a recent change in the scientific name have the old name in parentheses.

Location:

B = boardwalk and path from scout hall carpark to it (partial list, constructed from memory, excludes most planted trees or shrubs and many minor weeds)

D = dunes and beach at the north end of Aslings Beach from around final carpark to lake mouth

F = forested section of walking track north from Palestine Creek mouth
