Penny Hayman
Upper Deua Catchment Landcare Group Inc.

11th October 2021

Dear Penny,

Re: Review of Environmental Factors for Araluen Creek Restoration Project, Araluen NSW

Thank you for the opportunity to provide a fee proposal to Upper Deua Catchment Landcare Group Inc.

A Review of Environmental Factors (REF) will be prepared for the twelve sites proposed for restoration works as identified by NSW Local Land Services and Soil Conservation Service.

The REF will be prepared by Greg Stone of Woodlands Environmental Management and in accordance with current standards adopted by NSW Local Land Services.

If you have any questions or comments, please contact me.

Greg Stone
