## New Online Resources: Grazing for Tomorrow Field Day Series

Upper Shoalhaven Landcare Council

**A People Led Prevention Project led by South East Landcare in collaboration with Upper Shoalhaven Landcare Council.**

### The issue

On Friday 17 May, the Upper Shoalhaven Landcare Coordinator had the wonderful opportunity to attend South East Landcare's *Grazing for Tomorrow Field Day* in Bungonia. The field day was the final in a three part series focused on helping graziers and livestock owners across southeast NSW understand and manage risks for positive landscape, business and well-being outcomes.

With the help of Instant Andy video production house, we were able to capture key highlights from presenters and topics covered on the day. This included: Hear from local graziers experiences implementing sustainable practices; Discover weather outlooks, expert research and tools for sustainable farm management; Explore community and agricultural support services, as well as personal coping strategies. We hope the YouTube series will be of value for all those unable to attend the field days.

### The solution

You can now watch the Grazing for Tomorrow YouTube series at: [https://www.youtube.com/playlist?list=PLsq2oR0w-Y74yJaWEJkzNb\\_mbgS5HIitY](https://www.youtube.com/playlist?list=PLsq2oR0w-Y74yJaWEJkzNb_mbgS5HIitY)

We'd like to thank all organizers and participants who attended the Bungonia Grazing for Tomorrow Field Day, especially host Rob Lawson, facilitators Paul Cavanagh and Richard Page, Landcare Coordinators Sarah McGrath, Linda Cavanagh, Nathan Frazer and Erin Brinkley, as well as Instant Andy video production house for their contribution to the project.

### The impact

Special thanks also to field day presenters:

- **Ashley Harkin** | Engagement Coordinator, [Climate Service for Agriculture](#) (CSA) program, Bureau of Meteorology. The CSA program receives funding from the Australian Government's Future Drought Fund
- **Danny O'Brien** | Technical Lead for Natural Capital Accounting at [Farming for the Future](#) and Director of [Integrated Futures](#).
- **Jacob Boddy** | Operational Officer Level 1 Southern Tablelands Zone [NSW Rural Fire Service](#)
- **Judy Carmody** | Coordinator for the [Rural Adversity and Mental Health Program](#)
- **Melissa Henry** | Natural Capital Advisor with [South East Local Land Services](#)

This video series was made possible through funding from [Landcare NSW's People Led Prevention project](#). The project was designed to empower communities across regional NSW in developing disaster resilience and preparedness skills. The Disaster Risk Reduction Fund is jointly funded by the Australian and NSW Governments.

### Key facts

- There are three Grazing for Tomorrow videos overall covering:
- Bungonia Field Day Summary
- Get to Know Your Support Services
- Natural Capital and Climate Projections

### Project Partners

This initiative is made possible by the NSW Landcare Enabling Program, a collaboration between Local Land Services and Landcare NSW supported by the NSW Government.
